Earth Day Walk - Saturday 22 April 2023

Wandsworth Friends of the Earth have partnered with Enable to organise a walk on Earth Day in King George's Park in Wandsworth. The walk is free and promises to be an educational and entertaining talk about biodiversity and habitat management - we would encourage readers to come along and bring their families!

11am meeting at the Mapleton road entrance (map below).

Earth Day Walk

22 April 2023
11am

Free of Charge!

Come down to King George's Park for 11am to hear all about biodiversity and habitat management, in celebration of Earth Day. The walk will last about 1.5 hours, and we will be meeting at the Mapleton Road entrance. This event is held in collaboration with Friends of the Earth (Wandsworth).

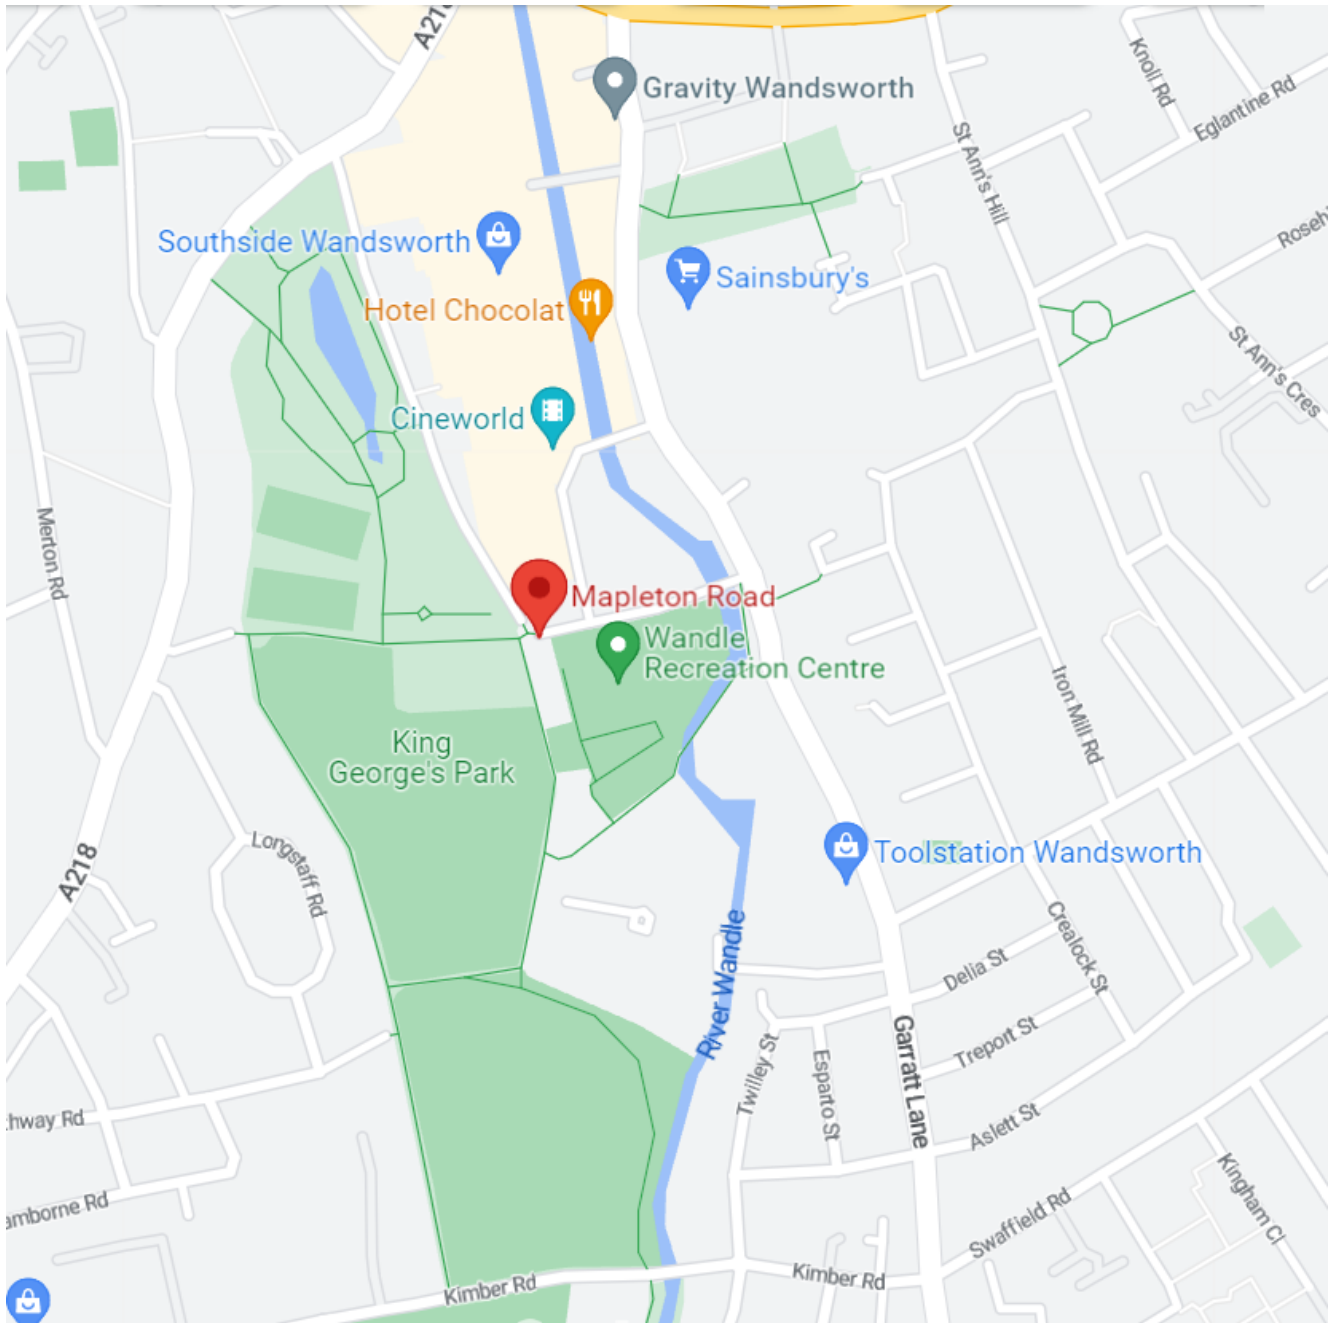

Email parks@enablelc.org to let us know that you'll be attending.

In partnership with

enable.

For happy, healthier communities.
Not for profit.

We would also like to remind readers that 'The Big One' - a march to raise awareness for the climate crisis outside the houses of parliament - is taking place on the 21st - 24th April. [Further details can be found here.](#)

Wandsworth Friends of the Earth is a local volunteer group concerned with improving the environment we live in. We campaign locally for improvements to local council policy surrounding transport, air-quality, public open space, housing and renewable energy generation. We also do outreach work within the borough to improve residents' knowledge of environmental issues and to enable them to reduce their own carbon footprint.
